

Membership Survey

From time to time the Union may send questionnaires to members in order to gather statistics about the profile of the membership. This enables the national office to supply some information about salary ranges, membership break down by category, break down by type of contract and so on. Often figures like these are useful in branch level consultations or strategic planning. There are often queries from Government bodies, employer groups and institutional managements for such information.

The national office would like you take a couple of minutes and complete this questionnaire. This is voluntary on your part but the more members that complete this form, obviously, the better the information and the quality of the database will be.

Fill in the relevant circle in each table. Bear in mind that in the CATEGORY table you may fill in more than one circle. For instance, a person who is MANAGERIAL in a MAINTENANCE section could fill in both circles. A person who is SECRETARIAL in RESEARCH could fill in both circles.
